“I wanted to propel my career, and the Professional MBA program delivered. I am enjoying new opportunities and a much brighter future because the program helped me grow so much, personally and professionally.”

—RALPH SILVAN, COMCAST

“The Professional MBA allowed me to broaden my perspective of business beyond my own industry. A strong curriculum, real-world case studies and professional contacts helped me understand the business world in a more robust way.”

—RENEE MONHOLLON, E.W. SCRIPPS COMPANY

“The Professional MBA program offered an opportunity to get outside my typical scientist box and not only learn the textbook business skills, but also apply them in a dynamic setting with a diverse set of students who challenged my typical mode of thinking.”

—ASHLEY STOWE, PHD, Y-12 NATIONAL SECURITY COMPLEX
Applied Learning
Assignments are directly applied to your organization, and the faculty-advised Organizational Action Project is a strategic initiative you execute for your business. The result is an immediate, significant return on investment.

Personal & Professional Development
The Leadership Development Program—The combination of experiential teamwork and individual coaching activities will hone your strengths and skills.

A Powerful Network—You will develop life-long bonds with classmates from some of the world’s most successful companies. When you graduate, you will join a network of more than 700 alumni—an invaluable source of ideas, job opportunities, business leads, and support.

Balanced Schedule
With a hybrid delivery of in-class and online sessions, you can take your career to the next level with minimal time away from work and family.

Global Perspective
During an optional, weeklong international excursion, you’ll meet with leaders of multinational organizations and government agencies while enjoying broadening cultural experiences.
